

TUESDAY JANUARY 29, 2019

Hypertension: Applying Current Guidelines to Optimize Vascular Health

JOSEPH RICCI, MD, FRCPC, FACC
Cardiologist (Advanced Cardiac Imaging),
Lakeridge Health and Scarborough Health Network

LEARNING OBJECTIVES

At the end of the session, the participant will be able to:

- Optimize treatment by treating to targets and understand it's importance
- Apply appropriate methods for making diagnosis of hypertension
- Implement evidence-based threshold and target blood pressure
- Integrate new guidelines for hypertension management including:
 - Use of longer-acting over shorter-acting diuretics
 - Use of single pill combinations as a first-line treatment
